## PRODUCT TYPE

Low tables

Coral has been conceived by the creator Arik Levy as a sculpture table capable of adapting to different uses and rooms. Its leaves or petals of organic, elegant and pure lines turn sensually forming a totem or leg that supports the round top available in Marquina marble.

“Almost as in abstract art, Coral allows to be all the metaphors you can imagine” Arik Levy.

## TIPOLOGÍA DE PRODUCTO

Mesas bajas

Coral ha sido concebida por el creador Arik Levy como una mesa escultura capaz de adaptarse a diferentes usos y estancias. Sus hojas o pétalos de líneas orgánicas, elegantes y puras giran sensualmente formando un tótem o pata que sostiene el sobre redondo disponible en mármol Marquina.

“Casi como en el arte abstracto, Coral permite ser todas las metáforas que puedas imaginar” Arik Levy.
