## EXPLICACION DEL MODELO

*Un paisaje sonoro esculpido por insectos.*

Tras un paseo por el museo de ciencias naturales, **Mut** se inspira en las salas de entomología y sus espeluznantes expositores de insectos, para crear los bichos más bellos e inofensivos jamás vistos.

Este proyecto del consolidado estudio valenciano para **Sancal** parte de la necesidad de resolver el incómodo problema del ruido ambiente y hacerlo sin que lo parezca; superando el difícil equilibrio entre funcionalidad y decoración.

Los paneles fonoabsorbentes **Beetle** son esculturas textiles que sobredimensionan el arquetipo de un escarabajo.

Con un total de 6 paneles obtenemos 9 composiciones o escarabajos diferentes. En cuanto a los acabados, es posible realizar tantas combinaciones de color como te permitan las siguientes referencias textiles: Mosaic 2\*, Triangle\*, Facet 2, Uniform Melange, Atlantic, Razzle Dazzle, Sprinkles y Drop. El soporte es de madera de roble y se puede tinter en cualquiera de los colores de nuestra carta.

## DESCRIPTION

*Soundscapes sculpted by insects.*

After meandering through the Natural Science Museum, **Mut Studio** became inspired by the exhibition rooms dedicated to entomology and their terrifying showcases of insects. Their own bug, however, would be beautiful and harmless.

This project for **Sancal** starts with the need to resolve the uncomfortable problem of background noise, overcoming the difficult balance between sound dissipation and decoration.

The sound-absorbing panels are textile sculptures that oversize the perfect specimen of a beetle.

By carefully combining the product's 6 panels, **Sancal** has created 9 different **Beetle** variants. As for the finishes, a variety of textile combinations are available using references from swatch cards: Mosaic 2\*, Triangle\*, Facet 2, Uniform Melange, Atlantic, Razzle Dazzle, Sprinkles and Drop. The support is made of oak wood and can be tinted in any of the colours in our chart.

\*Fabric suitable exclusively for panel number 4.
