Victor Carrasco

Born in Valencia (Spain) in 1974, Victor Carrasco began his professional career after graduating Cum Laude in Industrial Design Engineering at the Polytechnic University of Valencia.

Far from fashions and trends, he develops and puts international brands in the center, with remarkable added value, thanks to his passion for synthesis, sustainable growth and his pragmatic vision of the future.

Founder and Strategic Director at Viccarbe, a role that he combines since 2007, with being one of the counselors of STELCASE, the prestigious American multinational company, he also collaborates with many other renowned brands.

Throughout his career, he has been honored with the Principe Felipe Award for Entrepreneurial Excellence and awarded with the German Design Award.

CAMBIO

A collection of tables designed by Victor Carrasco

2021 — “As the Greek philosopher Heraclitus said, “the only constant in life is change”. The best relationships as well as the finest designs evolve only in a very natural manner. My wish was simple, I allured to transit from a square to a round surface with kindness. This is how Cambio is born. A new collection of central bases to create infinite possibilities for our tables made for work, homes, or collectivities. An exercise of subtleties to outline a timeless design, timeless and silent as well as iconic thanks to its elegant morphology and its profound message to promote sensible and sustainable changes.”

By Victor Carrasco.

THE PLACE TO COLLABORATE

For us, a table is so much more than a functional element. It is the heart of the home, the place to gather, celebrate and enjoy. It is the center of the office, the spot to meet, create and innovate. Our mediterranean culture is all about collaborating and sharing, it is the way we connect and bond with others around a table what shapes our lifestyle and forms our character. With its minimalist soul and its geometric lines, Cambio is a great piece to discreetly connect users, fostering collaboration in all its means. Cambio plays its part, leaving space to what truly matters.

Timeless marble

MODERN AND TIMELESS MATERIALS

Over the years we have been striving to innovate in new materials that conferred a unique allure to our mediterranean furniture. Timeless finishes that contribute to make our pieces very longlasting and aesthetically pleasing.

This year we have incorporated marble as our latest addition to craft the tabletops in our collection. Marble is a fine stone, one of the most environmentally friendly materials and enduring surfaces to work or dine. Due to its classic expression, it complements any chair, armchair and sofa in our collection, upgrading the overall design experience.

TABLETOPS

As to the tabletops, these are available in different shapes such as square, oval, or round, allowing big compositions of up to two meters in diameter or five meters in length, without compromising an ounce of durability and resistance. Finishes range from matt oak, laminates in white or black, polished coatings, a wide chromatic variety of lacquers, to compacts for outdoor use, and the latest incorporation: marble in white or black.

The minimalist table is also available for outdoor spaces, bringing new possibilities to lounge or work. A collection of tables offering kind solutions to work, enjoy and appreciate the alfresco space as an extension of the office. Tables crafted with longlasting materials and timeless finishes to connect spaces and users, achieving a balanced and homogeneous aesthetic both in and out.
